

Partnership and Personalized Genetic Health 12th Annual Asia LSD Symposium

9th-11th October, 2009

Taipei, Taiwan

Meeting Room: Joyful & Prosperity Ballroom, B2, Sheraton Taipei Hotel

| FRIDAY, 9 OCTOBER 2009 | |
|------------------------|---|
| OPENING CEREMONY | |
| 16:30 | Registration |
| 17:00 | Opening Remarks <i>Dr. Yuang-Tsong Chen,</i> <i>President/ Chairman of Taiwan Human Genetics Society & Taiwan Foundation for Rare Disorders</i> <i>Ms. Virginia Tsai, President & Founder of Taiwan MPS Society</i> <i>Mr. Michael Glynn, Senior Vice President of Genzyme Japan-APAC</i> |
| 17:30 | Remarks by Guests of Honor |
| 18:00 | Performance by Prof. Susie Chien and the Taiwan Foundation for Rare Disorders Orchestra |
| 18:30 | Insights and Perspectives on Progress in the LSDs over the Last 20 Years <i>Dr. Roscoe Brady, US National Institutes of Health</i> |
| 18:50 | Immunogenicity of Biologics <i>Dr. Richard Moscicki, Chief Medical & Officer, Sr. Vice President of Biomedical & Regulatory Affairs, Genzyme</i> |
| 19:30 | Dinner |
| 21:30 | Closing |

Hosted by Co-hosted by Sponsored by

SATURDAY, 10 OCTOBER 2009

SESSION I: GAUCHER DISEASE

Moderator: Dr. IC Verma (India)

Partnership and Evidence for Outcomes

| | | |
|-------|---|----------------------------|
| 08:30 | Toward an Individualized Dosing Approach for Gaucher Disease <ul style="list-style-type: none"> • Q2/Q4 Study Results • Dose Response Paper | Dr. Maja Di Rocco (Italy) |
| 09:15 | Clinical and Genetic Heterogeneity of Japanese Patients with Neuronopathic Gaucher Disease | Prof. Hiroyuki Ida (Japan) |
| 09:40 | GENZ-112638 Gaucher Small Molecule Phase II Clinical Trial Results | Dr. Gerry Cox (Genzyme) |
| 10:10 | Break and Poster Viewing | |
| 10:30 | Clinical Presentations of Gaucher Disease among Korean Patients | Dr. Hyon Kim (Korea) |
| 10:45 | Enzyme Replacement Therapy for Gaucher Disease in Taiwan | Dr. Mei-Chyn Chao (Taiwan) |

SESSION II: FABRY DISEASE

Moderator: Dr. Hitoshi Sakuraba (Japan)

Partnership and Evidence for Outcomes

| | | |
|-------|---|-------------------------------------|
| 11:00 | Impact of Antibody Formation on Enzyme Replacement Therapy for Lysosomal Storage Diseases and Immune Tolerance Induction for Infused Enzyme | Dr. Toya Ohashi (Japan) |
| 11:30 | Treatment Expectations for Fabry Disease <ul style="list-style-type: none"> • Natural History Study – Progression and Status of Untreated Fabry Patients • Data and Findings for Patients on Enzyme Replacement Therapy • Phase III Extension/ Phase IV • Enzyme Replacement Therapy and Cardiology • Patient Case | Dr. Stephen Waldek (United Kingdom) |
| 12:30 | Lunch Break | |

Hosted by Co-hosted by Sponsored by

SATURDAY, 10 OCTOBER 2009

SESSION II: FABRY DISEASE (continued) – SCREENING ACTIVITIES FOR FABRY DISEASE IN ASIA

Partnership and Evidence for Outcomes

Moderator: Dr. Hitoshi Sakuraba (Japan)

| | | |
|-------|---|--------------------------------|
| 13:30 | High-Risk Screening of Cardiac and Hemodialysis Patients in Japan | Dr. Kimitoshi Nakamura (Japan) |
| 13:45 | Newborn Screening for Fabry Pilot Program in Taiwan | Dr. Dau-Ming Niu (Taiwan) |
| 14:00 | Mutation of the GLA Gene in Korean Patients with Fabry Disease and the Frequency of E66Q Allele in Korean Newborn | Dr. Han-Wook Yoo (Korea) |

SESSION III: PERSONALIZED GENETIC HEALTH AND UPDATE ON GENZYME PIPELINE

Partnership and Society and Innovation

Moderator: Dr. KF Huen (Hong Kong)

| | | |
|-------|--|----------------------------------|
| 14:15 | Orphan Drug Policy Around the World | Ms. Alice Lin Pomponio (Genzyme) |
| 14:45 | Personalized Genetic Health and Update on Genzyme Pipeline | Dr. Joan Keutzer (Genzyme) |
| 15:15 | Meeting close | |

OFF-SITE DINNER AT JUMING MUSEUM

| | |
|-------|--|
| 15:45 | Meet in the lobby to depart for off-site dinner at Juming Museum |
| 17:00 | Sculpture Viewing and Dinner |
| 20:30 | Return to the hotel |

Hosted by Co-hosted by Sponsored by

| SUNDAY, 11 OCTOBER 2009 | | |
|--|---|--------------------------------|
| 08:30 | Summary of Day One | TBD |
| SESSION IV: MPS Moderator: Prof. Yasuyuki Suzuki (Japan) Partnership and Evidence for Outcomes | | |
| 08:40 | Pitfalls in the Diagnosis of MPS and How to Differentiate Between MPS | Dr. Akemi Tanaka (Japan) |
| 09:05 | Causes of Death in MPS I and MPS II | Dr. Shuan-Pei Lin (Taiwan) |
| 09:30 | Characterization of Surgical Procedures in MPS I: Findings from the MPS I Registry | TBD |
| 09:55 | Genotype-Phenotype Correlation Data for MPS I | Dr. Gerry Cox (Genzyme) |
| 10:15 | Break and Poster Viewing | |
| 10:35 | Sibling Pairs Case Study from Japan | Dr. Toru Kubo (Japan) |
| 10:45 | MPS II Treatment Guideline | TBD |
| 11:05 | Japan Elaprase® Treatment (JET) Study Results | Prof. Torayuki Okuyama (Japan) |
| SESSION V: SAFETY Moderator: Dr. Yuang-Tsong Chen (Taiwan) | | |
| 11:25 | Safety and Immunology Across Treatments for Lysosomal Storage Diseases | Dr. Wytske Kingma (Genzyme) |
| SESSION VI: POMPE DISEASE Moderator: Prof. Yoshikatsu Eto (Japan) Partnership and Evidence for Outcomes | | |
| 11:55 | Differential Diagnosis of Pompe Disease <ul style="list-style-type: none"> Common Misdiagnoses Neuromuscular Aspects Advances in Diagnosis | Dr. Ikuya Nonaka (Japan) |
| 12:30 | Lunch Break and Poster Collection | |

Hosted by Co-hosted by Sponsored by

genzyme

SUNDAY, 11 OCTOBER 2009

SESSION VI: POMPE DISEASE (continued)

Moderator: Prof. Yoshikatsu Eto (Japan)

Partnership and Evidence for Outcomes

| | | |
|-------|--|-----------------------------------|
| 13:30 | Myozyme® Clinical Evidence Across the Spectrum of Disease – Infants and Adults | Dr. Wuh-Liang Hwu (Taiwan) TBD |
| 14:15 | Newborn Screening for Pompe Disease in Taiwan | Dr. Yin-Hsiu Chien (Taiwan) |
| 14:45 | Management of Pompe Disease | Dr. Wuh-Liang Hwu (Taiwan) TBD |
| 15:15 | Screening for Pompe Disease: Experience of A Clinical Diagnostic Lab | Dr. Deeksha Bali (US) |
| 15:40 | Childhood-onset Pompe Patient Case Study | Dr. Keiko Ishigaki (Japan) |
| 15:50 | Adult-onset Pompe Patient Case Study | Dr. Chih-Chao Yang (Taiwan) |
| 16:00 | Meeting Closing <i>Dr. Yuang-Tsong Chen,</i> <i>President/ Chairman of Taiwan Human Genetics Society & Taiwan Foundation for Rare Disorders</i> <i>Mr. Michael Glynn, Senior Vice President of Genzyme Japan-APAC</i> | |
